

CRACKER TEMPLATE

ADULT SUPERVISION REQUIRED

Cut around the template and cut out all the diamond shapes.

Place the template on the reverse side of the card and draw round the outside and every diamond.

Cut them out as you did with the template and score the vertical lines either side of and down the centre of the diamonds.

Carefully roll up the card or place around a rolling pin to tease it into a tube shape.

Stick a line of double sided tape, as indicated on the template, or use a strong glue (you may need to hold in place until the glue has set)

Tie a piece of ribbon around the diamond cut outs to form the cracker shape.

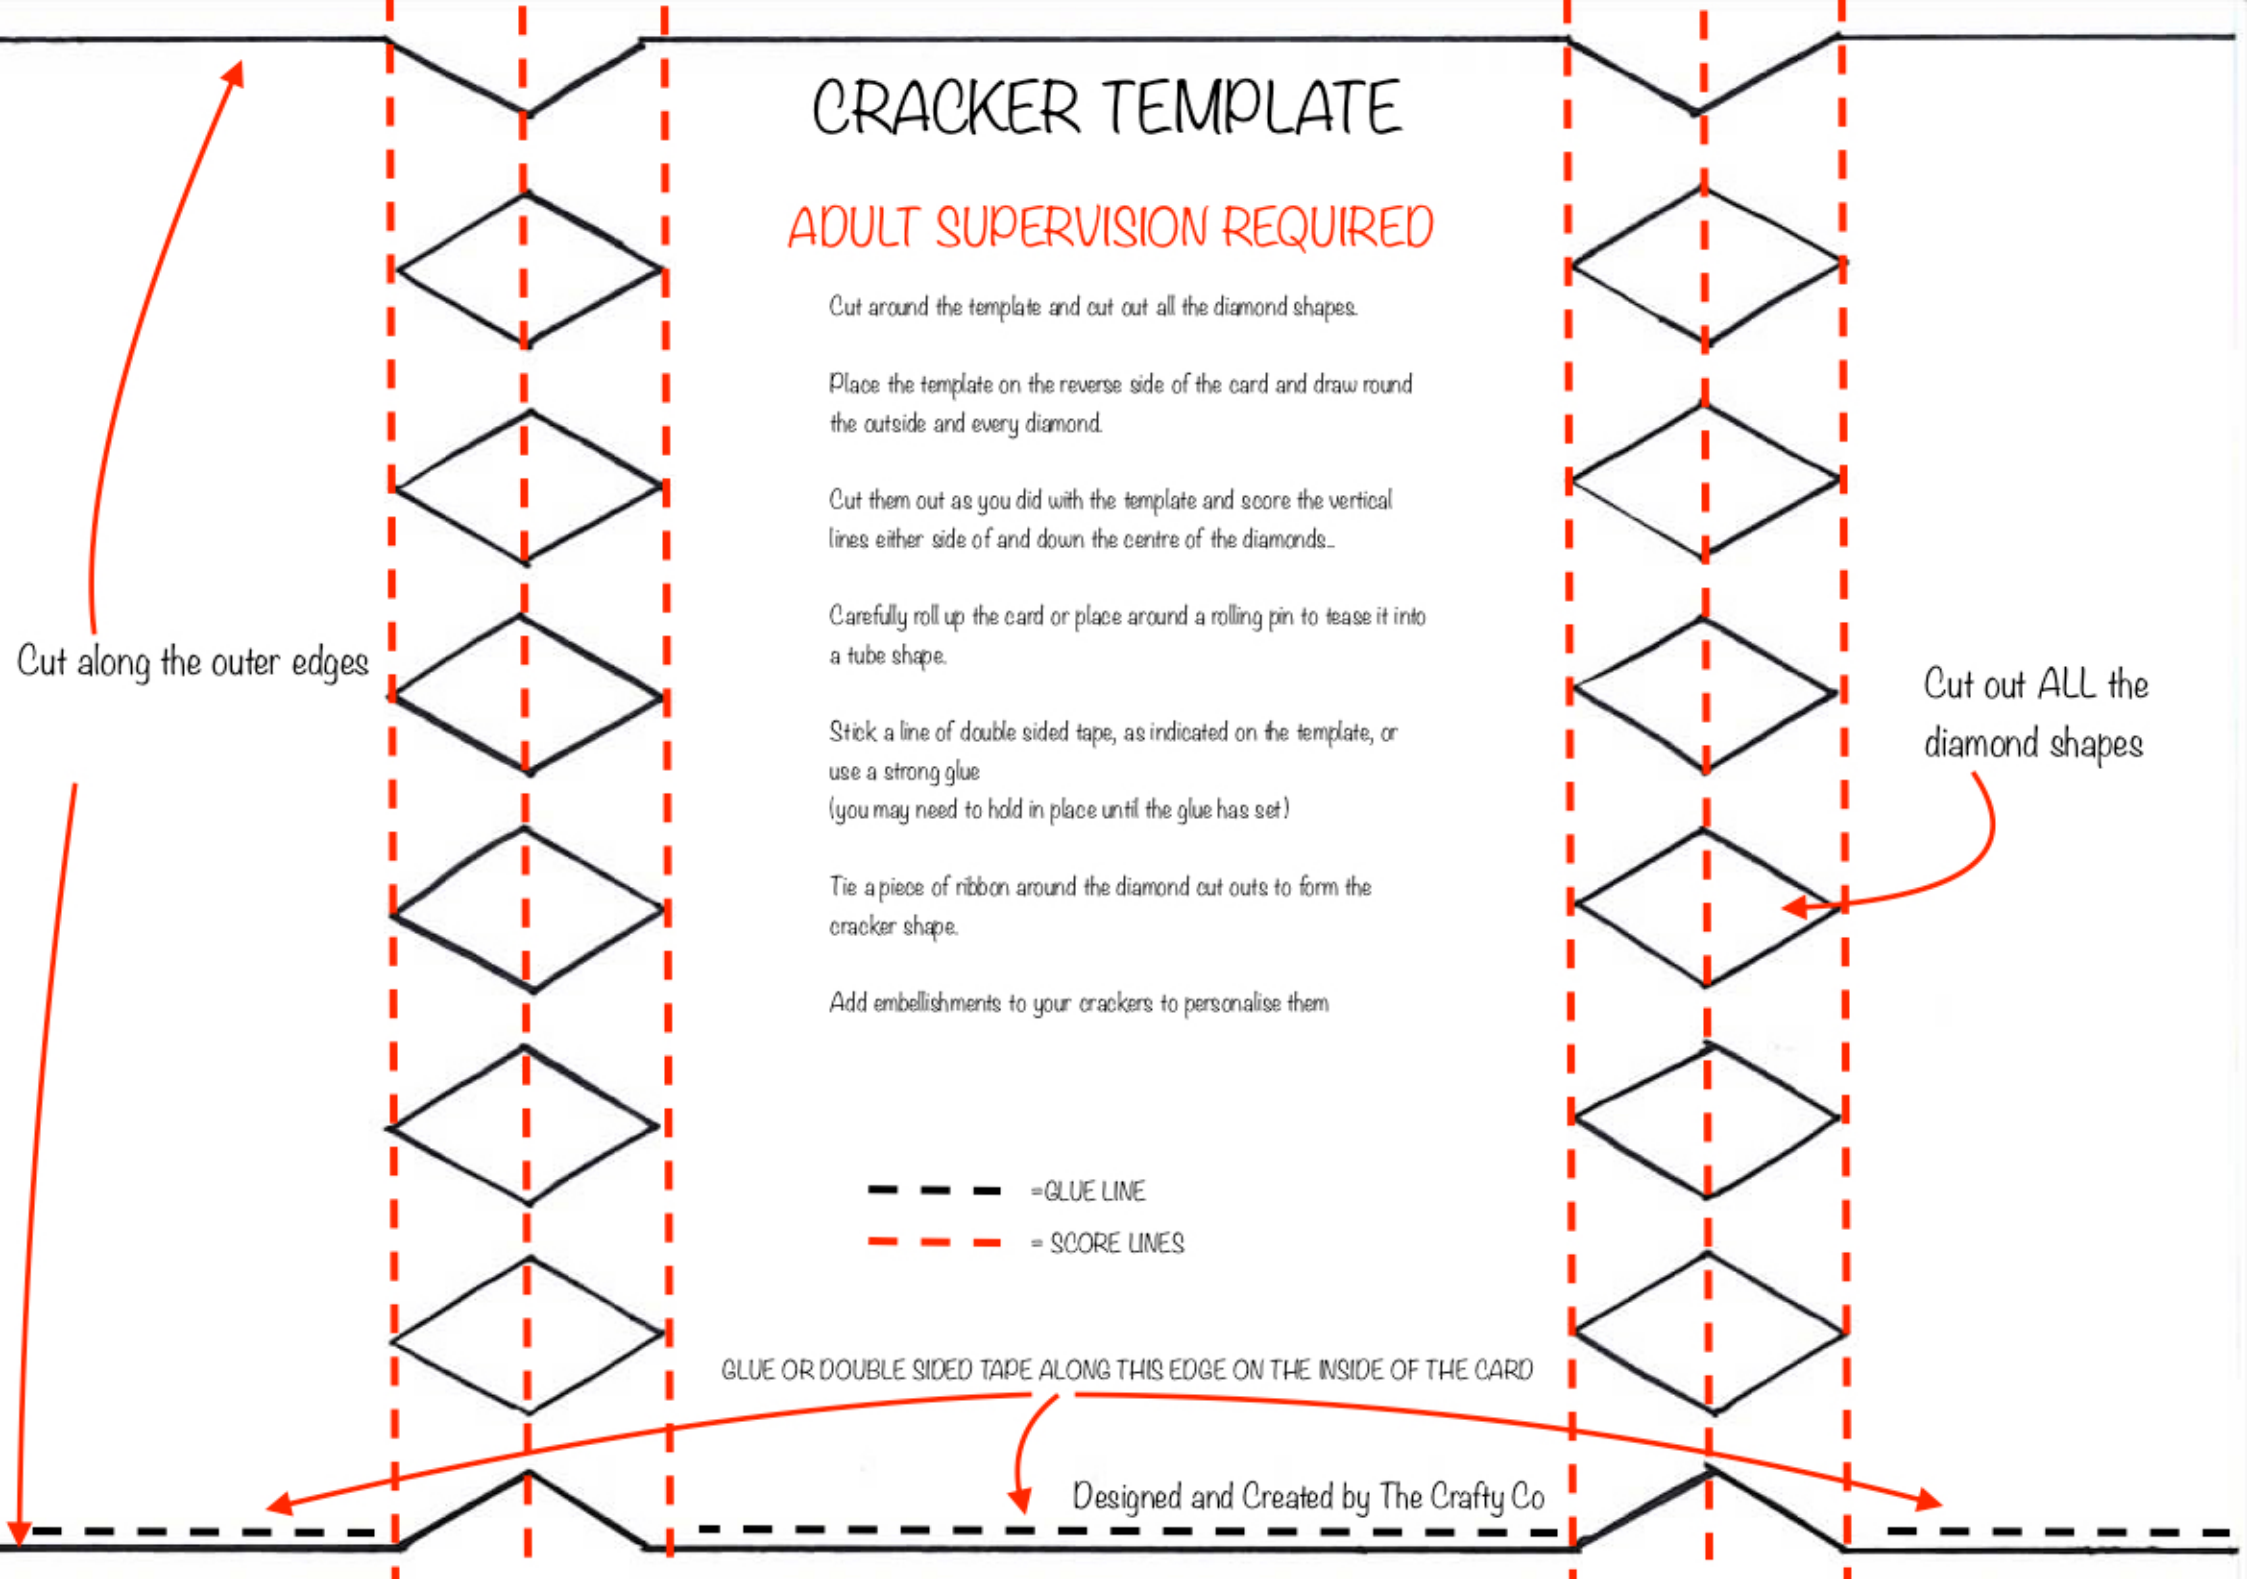

Add embellishments to your crackers to personalise them

--- = GLUE LINE

- - - = SCORE LINES

GLUE OR DOUBLE SIDED TAPE ALONG THIS EDGE ON THE INSIDE OF THE CARD
