

DESIGNED AND CREATED BY THE CRAFTY CO

**RIGHT
INNER BODY
(CUT 1)**

MAIN COLOUR

**LEFT TAIL
(CUT 1)**

MAIN OR CONTRAST
COLOUR CAN BE USED

**LEFT
INNER BODY
(CUT 1)**

MAIN COLOUR

DINOSAUR

Print out this sheet on card and cut out all the shapes to use as templates
Place them on your chosen card stock and draw round each shape and cut out.

Top Tip - You can either draw round the shapes on the reverse of
your card stock or use a pencil so any lines left after the shape
has been cut out, can be erased.

The position for the arms and legs are a personal choice and you can
decide where to place them as the dinosaur is assembled.

To stick the dinosaur together, you can use
double sided sticky tape or glue.

To make it stand, gently tease the legs apart at the
bottom so they are roughly an inch apart

Warning: This activity is not suitable for small
children due to small parts
Adult supervision is required when using scissors
and making holes for the moving parts

**RIGHT ARM
(CUT 1)**
